

**NEW 2019 NYC Commercial Organics Rules**

In accordance with the NYC Department of Sanitation, all New York City businesses that meet certain criteria will be **REQUIRED** by law to recycle their organic waste. The law will begin being enforced on **2/15/2019**. You still have time to update your organic recycling services to comply with the new laws. Let Action help you!

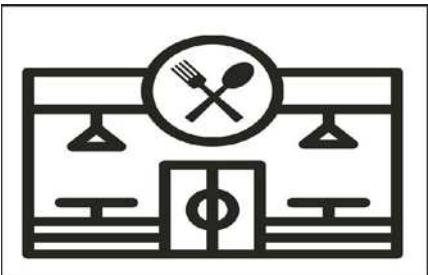

For more info about the law visit: [on.nyc.gov/commercial-organics](http://on.nyc.gov/commercial-organics)

**Businesses That Are REQUIRED To Have Organic Recycling**

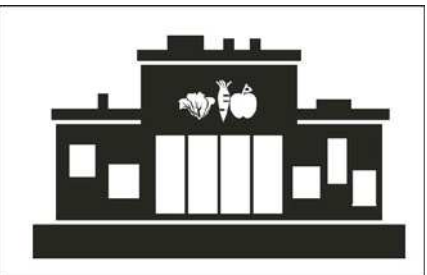

If your business meets any of the minimum criteria outlined below you **MUST** have organic recycling service. If you currently do not have organic recycling services, please contact us at **1-866-270-9900** to set up service now!

**Restaurant Chains of 100 or more NYC locations**

**Restaurants 15,000 sq. ft. or more**

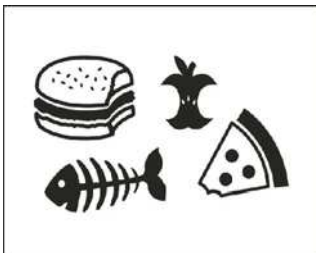

**Retail Food Stores 25,000 sq. ft. or more**

Since 7/19/16, the following establishments have been required to comply with the commercial organic rules:

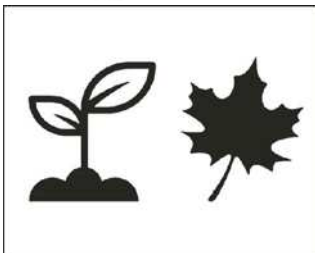

- Arenas and Stadiums 15,000 or more seats
- Food Wholesalers 20,000 sq. ft. or more
- Food Manufactures 25,000 sq. ft. or more
- Food Service in Hotels 150 or more rooms

**What Items Belong In the Organics Bin?**

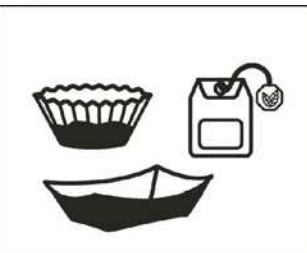

**Food Scraps**

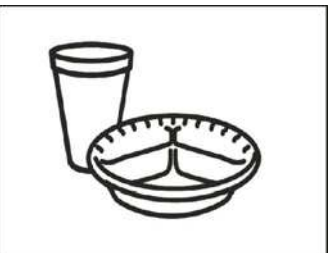

Doesn't include material sold to farmers or rendering companies, or food that is donated.

**Plant Trimmings**

**Food-soiled Paper**

**Certified Compostable Products**

Must meet processor certification requirements.
