

**BLUE JEANS
GO GREEN™**
DENIM RECYCLING

DENIM DRIVE

April 22-26, 2019

Give old denim new purpose

Recycle your denim with Cotton's Blue Jeans Go Green™ program. Whether you have denim jeans, jackets, shirts or skirts, every piece makes a difference. Recycle today!

WHAT HAPPENS TO MY DENIM?

Since denim is made mostly from cotton, a sustainable fiber, it can be broken down to its natural state and recycled. Recycled denim is transformed into UltraTouch™ Denim Insulation, a portion of which is distributed to help build homes in communities around the country.*
